“ I know Bev from work. We worked at the old store when she was in toys and I worked in sporting goods. When she came into work and saw I was working, she would say, "Oh good. You're working tonight." We got along really good. She was one of the nicest people I have ever worked with. She was always laughing and we talked a lot about our families. She really loved her family. I know she will be missed because she was loved so much.

“ *Bev and I worked together for a number of years. She was a woman of great insight and dedication. Her concern for others was often a light at the end of the tunnel for many of us and her presence always made a person happy.*
