“ I have known Clema since 1977 as a co worker at HMC(Huron Memorial Hospital). I will never forget her. She just had a special way about her, strong in communication but witty at the same time. Take care Clema and thanks for the memories over the years.

“ I will never forget Clema she was just the one gal you will never forget. She and I had many talks when she would sit her breaks or after work in my hospital room. Instant friendship that led to daily visits at my work. Many and most of the times we parted with tears in our eyes from laughing so hard. She sure came up with some doozies. We also shared the lives of our Son's together and had many conversations of who is going to take on which one. She loved her Son and was so excited about her grandchildren and her new grandson, Henry and loved Amanda like her own. She always had a smile, enjoyed life to the fullest and left knowing everyone would be just fine. Her smile and giggle are never going to be forgotten.

“ I have been a friend of Clema’s for 50 years. We have had so many good times over the years. She was always there for me when I needed her. Most times when we were together we would just talk and I would watch her make her blankets. Other times we did things like parasailing and a hot air balloon ride. I will never forget her. My best friend.
