Connie Diana Dubs, age 76, of Elkton, passed away September 12, 2020 at home under hospice care after a long battle with Parkinson's Disease.

“ There are many things I remember about Aunt Connie, how kind she was, how much she loved her family, and how she frequently chuckled at some little thing that amused her. I remember her wedding to my Uncle Mike being one of the most elegant weddings I had ever attended at that point in my life. Aunt Connie had a beautiful sense of taste and her wedding and later her home reflected that. I also remember when Aunt Connie and Uncle Mike decided to build their home right around the corner from us and how exciting it was to watch them build it. I loved going over there to explore the construction site from the beginning of digging the hole for the basement and discovering that swallows had built their homes in the dirt walls, to finishing the basement so that they could live there until they were ready to construct the rest of the house. Of course there are so many other memories but above all I will remember that she always had time to make you feel like she was interested in you and cared about you. My sympathies are with all of her family and Uncle Mike.

Love,

Carole
