“ *Karl made UAW negotiations bearable- those were long hours waiting for management's response at times. Karl's wide range of knowledge and his different view points made for interesting conversations. I'm sure he'd have something insightful to say about the situation occurring now. Rest in peace I'm obeying the mandate to eliminate al unnecessary travel. Marge C*

“ *Sending my condolences , thoughts and hugs....Karl was one of a kind and will be greatly missed. Hls smile usually meant he was up to something or something was ready to come out of his mouth....He and I would have some great conversations and he would tell it how it was always followed by some great laughs. The memories of Karl and Clema of them shopping or them out of town at a restaurant and I would run into them always stop for a chit chat and never left without a big smile oh did we have some great discussions. Karl you will be missed buddy.....*
