“ *I met Nancy 23 years ago through Sandy. I have a lot of memories of her listening to my fears, my joys & my happiness. I spent a lot of mini vacations at her house. Going to garage sales, the farmers market & the Art in the Park. I especially enjoyed sitting in the rocking chairs in the front window. She was very proud of her flowers around the house. The camp fires, the laughter, the smiles. I'll never forget those times. I'll never forget her. I was blessed to have known her & to include her as part of my family as she included me in hers.*
