“ I just learned of Ron's death. At one time our lives were deeply connected. I know that Ron cared deeply for each one of his family members, and his close friends. He was one of the kindest people I have known. To all who knew him and will miss him, please accept my condolences. Rylee Dustin

It was usually him calling me. After a month of no answer, I searched today (June 28). My best memory was paddling Paulina Lake at dusk with Ron and cooking potatoes in the fire.
